to Tom, Karen, Nicholas, me

Dear Tom:

Most of our curriculum units are posted on-line. I am copying our curriculum director who may be able to direct you to the information related to your first 2 requests. I am copying our business administrator to assist with the last request. To help with the search for responsive records, can you clarify what time-frame you are requesting financial records from?

This email message is a public records request.

I request the following from your school district:

1. The name of the sex education curriculum your school district currently uses (if any)
2. The grade levels at which your school district uses the sex education curriculum
3. The approximate date your school district began using the sex education curriculum
4. A copy of all invoices associated with this sex education curriculum, including purchase of the curriculum, purchase of related materials, payment for training, and any other item related to this curriculum

I would appreciate any help you can give me.

Hi Tom,

Here is the information from Northampton responsive to your request:

1. The name of the sex education curriculum your school district currently uses (if any):

- Get Real
- Cambridge Health Alliance

2. The grade levels at which your school district uses the sex education curriculum

- Grade 5
- Grade 9

Thank you,
Annie
